

## MY PASSIONATE DISCIPLE EXPERIMENT

I agree with the clear challenge that I can only find true satisfaction and real meaning through my passionate abandonment as a disciple of Christ. Therefore, I am willing to commit to the one year (14 months til June 2013) experiment of Passionate Christ Like Living according to Christ's gospel.

I am committed to making myself open and available to the permanent changes God wants to make in my life as a result of this experiment.

I welcome John's, the Senior Ministry Team's and Servant Leadership Team's confidential prayer for me during this period.

I agree to share (can be confidentially) the changes that Christ makes in my life over this time.
