

## **Questions from Keith Farmer's sermon, September 15**

What specifically impacted you out of this sermon?

Keith asked the question; do you believe God likes you? Share your response to that, and any reasons.

What pictures have you had, and do have now, of God as Father? How has that been impacted by your own father?

How has your belief about God the Father changed over time?

What has caused or impacted those changes?

Keith's wife said to him once that he did not smile much, that he was too serious. He said it was in part due to him committing to not cry.

Talk about a recent time in your life when you have cried. What is your belief about crying now? See John 11:35.

Keith said that even though God is love, that we should not take Him for granted.

Read Romans 2:2-4, in the Message if possible. How does this passage impact you?

How can you help other people have a good clear view of God the Father?
