

**Questions Risky Compassion 24/8/2014**

Ash Barker shared on the topic 'Risky Compassion'. This was a very powerful sermon so please listen online if you missed it.

What impacted you out of Ash's sermon?

The Barkers living and working with the urban poor is a very inspiring ministry. What can happen if we compare ourselves with them?

Read Luke 10:10-37 about the good Samaritan.

What was different for him compared to the other 2 on the road?

The good Samaritan did something. He helped. He made a difference. What stops people getting involved in risky compassion? What stops you?

What are some other examples from the Gospels or Acts of people doing risky compassion?

What action can you take in your community to bring hope and life and make a difference? What will stop you? What will help you take action?

Share stories of when you have taken risks to bless people in the past. What were the results? How did you feel?

Share about a time when people took a risk to help you.

What happens when people risk for the sake of others?

What comes to mind when you think of people in poverty? Who is in poverty in your world?

Take some time to pray as God leads out of this.
